Work Experience

Phoenix Contact, USA

Lead Web Developer | 2020–2025

- Led design and front-end delivery of responsive web experiences, portals, and landing pages, balancing brand standards, accessibility, and usability across desktop and mobile.
- Rebuilt HR and Legal intranet experiences for 1,000+ employees, improving information architecture and UX, resulting in a 30% increase in resource usage and 25% fewer support requests.
- Developed internal email marketing tools and templates, increasing engagement by 20% and reducing unsubscribe rates by 10%
- Built a customer training hub integrating events and media, increasing seminar attendance by 20% and video engagement by 15%
- Created reusable UI components and design systems to improve consistency and speed of delivery
- Partnered with Product, Marketing, and Engineering to translate user needs into scalable UI solutions

Web Developer | 2011–2020

- Built and maintained responsive web experiences across CMS platforms supporting marketing campaigns and product launches
- Developed accessible UI components and templates aligned with WCAG standards
- Supported content migrations, performance improvements, and UX updates across public and internal platforms
- Collaborated cross-functionally to deliver high-quality releases under tight timelines
